Spot the Difference

لعبة ركز

D E L I V E R A B L E S

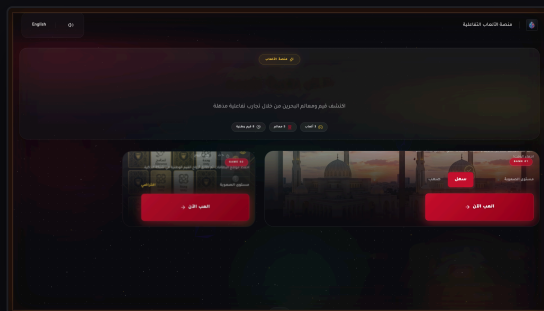

- Two high-fidelity 3D scenes of a Bahrain landmark displayed side by side
- One hidden difference between scenes — player must identify it before time expires
- Five Bahrain landmarks: Al-Fateh Mosque, Bahrain Fort, Bahrain Gate, Formula 1 Circuit, King Fahd Causeway
- Easy mode: 60-second timer, 100 points per round
- Hard mode: 45-second timer, 150 points per round
- Immediate visual and score feedback on correct identification
- Educational landmark description shown after each round
- Persistent score tracking across sessions
- Fully bilingual Arabic and English with RTL support
- Optimised for touchscreen kiosk, tablet and desktop

All photography and visual assets designed and supplied by GulfMarcom

National Values Memory

بطاقات القيم الوطنية

D E L I V E R A B L E S

- Interactive memory matching game featuring Bahrain's six national values
- Cards revealed face-up for 5 seconds, then flipped — player matches pairs from memory
- Eight national value pairs displayed across a 4 × 4 grid — 16 cards total
- 60-second countdown timer with live pair counter and cumulative score
- Live session leaderboard showing top players, scores and completion times
- Animated card flip with immediate match confirmation and mismatch reset
- Each card displays a GulfMarcom-designed image with Arabic and English label
- Cards revealed for 5 seconds at game start — memorise before play begins
- Score accumulation across rounds; leaderboard updated in real time
- Fully bilingual Arabic and English with RTL support

Landmark Mapping

اكتشف معالم بحریننا

D E L I V E R A B L E S

- Realistic interactive 3D map of Bahrain — accurate coastline, islands, causeway and terrain
- Full 3D perspective with atmospheric depth — ocean, lighting, shadow and coordinate overlay
- Player drags landmark chips from the panel and drops onto the geographically correct position
- Correct placements lock in gold with a glowing pin; incorrect placements flash and return
- Easy mode: 3 landmarks, 100 points each
- Hard mode: 5 landmarks, 150 points each
- 120-second countdown timer
- Five landmarks: Bahrain Fort, Al-Fateh Mosque, Bahrain Gate, Formula 1 Circuit, King Fahd Causeway
- Educational landmark fact revealed on each correct placement
- Fully bilingual Arabic and English with RTL support

Bahrain Jigsaw

أحجية البحرين

D E L I V E R A B L E S

- Interactive 3D jigsaw puzzle where players assemble landmark images
- WebGL-powered 3D render canvas using Three.js with realistic physics
- Drag-and-drop gameplay optimized for touchscreen and mouse input
- 12-piece configuration per grid with optional piece rotation mechanics
- Floating guideline preview overlay to reference the completed landmark
- Easy and Hard difficulty modes to adjust rotation help and timers
- 90-second countdown timer with live progress counters
- Fully bilingual Arabic and English with RTL layout support

Eight Neighbors

ثمانية جيران

DELIVERABLES

- Immersive 3D grid puzzle game requiring players to match and clear shapes
- Interactive rotating 3D block arrangement powered by Three.js
- Tap two or more adjacent identical shapes to destroy them and collect points
- Combo point multipliers and dramatic screen-shake chain reactions
- Smooth 3D block falling animations and physics engine integrations
- 120-second gameplay session with increasing level complexity
- Fully bilingual Arabic and English with RTL layout support

Wheel of Fortune

عجلة الحظ

D E L I V E R A B L E S

- Interactive 3D wheel spinner utility for game selection and visitor giveaways
- Real-time WebSockets synchronization using Laravel Reverb broadcaster service
- Realistic 3D deceleration physics and slide-in screen animations using Three.js
- Dynamic slice segments displaying registered player names or active game listings
- Director admin dashboard panel to remote-trigger spins and toggle visibility
- Winner logs saved persistently in local SQLite database for reference
- Fully bilingual Arabic and English layouts
